

Thank you for choosing to work with our Global Risk team

5959 Blue Lagoon DR #101 Miami FL 33126

Give your insurance limits and coverage serious consideration.

Did you downsize your insurance during the recession? Did you opt for actual cash value in lieu of replacement cost valuation or increase deductibles to save money? Perhaps you dropped umbrella liability protection for yourself or your business? If it is time to choose higher levels of protection, please contact one of our representatives as soon as possible.

In the event of a disaster

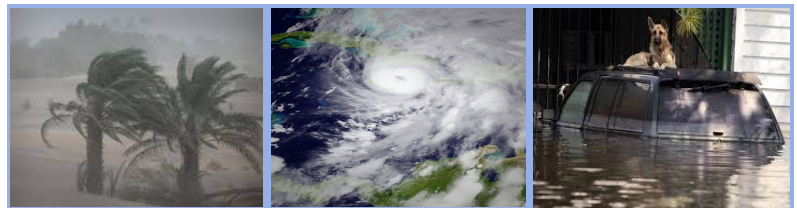

We recognize that when a disaster strikes you need our services the most. Our internal operating system is designed so we are not reliant on our office location being accessible or our server being operational to access client and policy information or send or receive emails. In the event of a disaster, the direction of the partners and staff will shift to customer claims support to assist you when you need us the most. We will reopen the office as soon as it is safe to do so.

To expedite your claim, please use the resources under Client Tools to file your claim or obtain

Storms, Hurricanes & Flooding

Maybe one reason tropical storms and hurricanes get named is because they can hurt us so personally, like a bully you can call by name. Ask us about affordable, appropriate flood insurance that meets your specific needs for your commercial or residential property. Soaking rains, sustained winds and tidal surges pack a powerful punch. Not just beachfront property is at risk. Storm season often brings flooding inland, where just a "little bit" of water - a few inches - can cause tens of thousands of dollars in damage.

Let us know how we can reduce your insurance premiums.

Have you made improvements to your property? Do you have a new roof on your commercial building or residence? Installed a new central station burglar and fire alarm? Taken a drivers course? Discounts are available for drivers over 55. Review your wind mitigation form to determine if a small installation can save you thousands of dollars in insurance premiums.

Be smart. Be prepared. Be protected.

referrals to restoration companies.
